

PHOTOSET

Key	Value Type	Description	API
comments	Array	comment_ids	flickr.photosets.comments.getList
description	String	Description of the photoset	flickr.photosets.getInfo
id	String	PRIMARY KEY	INPUT
owner	String	user_id	flickr.photosets.getInfo
photos	Array	photo_ids	flickr.photosets.getPhotos
primary	String	photo_id	flickr.photosets.getInfo
title	String	Title of photoset	flickr.photosets.getInfo

USER

Key	Value Type	Description	API
contacts	Array	keys: user_id, ignored	flickr.contacts.getPublicList
favoritephotos	Array	photo_ids	flickr.favorites.getPublicList
groups	Array	group_ids	flickr.people.getPublicGroups
iconfarm	String	For buddy-icon	flickr.people.getInfo
iconserver	String	For buddy-icon	flickr.people.getInfo
id	String	PRIMARY KEY	FROM: photosets, photos, contacts, comments, favorites
isadmin	Boolean	?? Don't know what its for	flickr.people.getInfo
ispro	Boolean	Flickr pro account	flickr.people.getInfo
location	String	Location of user	flickr.people.getInfo
mbox_sha1sum	String	?? Don't know what its for	flickr.people.getInfo
mobileurl	String	URL of mobile access	flickr.people.getInfo
photocount	String	Number of photos	flickr.people.getInfo
photofirstdate	String	Posted date of user's first photo	flickr.people.getInfo
photofirstdatetaken	String	Taken date of user's first photo	flickr.people.getInfo
photosets	Array	photoset_ids	flickr.photosets.getList
photosurl	String	URL of user photos	flickr.people.getInfo
profileurl	String	URL of user profile	flickr.people.getInfo
photos	Array	photo_ids	flickr.people.getPublicPhotos
realname	String	Real name of the user	flickr.people.getInfo
tags	Array	keys: tag, count	flickr.tags.getListUser(Popular)
username	String	Username of user	flickr.people.getInfo

PHOTO

Key	Value Type	Description	API
comments	Array	comment_id	flickr.photos.comments.getList
dateposted	String	date in UNIX timestamp	flickr.photos.getInfo
datetaken	String	Date when photo was taken	flickr.photos.getInfo
datetakengranularity	String	0 = [Y-m-d H:i:s] 4 = [Y-m] 6 = [Y]	flickr.photos.getInfo
description	String	Description of the photo	flickr.photos.getInfo
editability	Hash	keys: canaddmeta, cancomment	flickr.photos.getInfo
exif	Array	keys: tagsspaceid, tagsspace, tag, raw, label, clean	flickr.photos.getExif
farm	String	For photo URL	flickr.photos.getInfo
favoriteof	Array	keys: user_id, favedate	flickr.photos.getFavorites
id	String	photo_id	FROM photosets, users
isfamily	Boolean	Permissions	flickr.photos.getInfo
isfavorite	Boolean	?? Don't know what its for	flickr.photos.getInfo
isfriend	Boolean	Permissions	flickr.photos.getInfo
ispublic	Boolean	Permissions	flickr.photos.getInfo
lastupdate	String	date in UNIX timestamp	flickr.photos.getInfo
license	String	License of photo	flickr.photos.getInfo
location	Hash	keys: latitude, longitude, accuracy	flickr.photos.geo.getLocation
notes	Array	keys: w, h, x, y, id, author, content	flickr.photos.getInfo
originalformat	String	Original image format	flickr.photos.getInfo
originalsecret	String	For photo URL	flickr.photos.getInfo
owner	String	user_id	flickr.photos.getInfo
pools	Array	pool_ids	flickr.photos.getAllContexts
rotation	String	clockwise in deg which the smaller image sizes differ from the original	flickr.photos.getInfo
secret	String	For photo URL	flickr.photos.getInfo
server	String	For photo URL	flickr.photos.getInfo
sets	Array	photoset_ids	flickr.photos.getAllContexts
tags	Array	keys: author, id, content, raw	flickr.photos.getInfo
title	String	Title of photo	flickr.photos.getInfo
urls	Array	keys: type, content	flickr.photos.getInfo
usage	Hash	keys: candownload, canblog, canprint	flickr.photos.getInfo

COMMENTS

Key	Value Type	Description	API
author	String	user_id	FROM photos, photosets
content	String	The comment	FROM photos, photosets
datecreate	String	Date of comment creation in UNIX timestamp	FROM photos, photosets
id	String	comment_id	FROM photos, photosets
permalink	String	URL of comment	FROM photos, photosets

GROUPS

Key	Value Type	Description	API
description	String	Description of the group	flickr.groups.getInfo
eighteenplus	Boolean	If group is for 18+ years old members	flickr.people.getPublicGroups
iconfarm	String	For buddy-icon	flickr.groups.getInfo
iconserv	String	For buddy-icon	flickr.groups.getInfo
id	String	PRIMARY KEY	FROM users
lang	String	language of the group	flickr.groups.getInfo
members	String	Total number of members	flickr.groups.getInfo
name	String	Name of the group	flickr.groups.getInfo
privacy	String	Privacy level of the group	flickr.groups.getInfo
throttle	Hash	keys: mode, remaining, count	flickr.groups.getInfo

POOL

Key	Value Type	Description	API
id	String	pool_id	FROM photos
title	String	Title of pool	flickr.photos.getAllContexts
